Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Hancock County E-911 Radios project in fiscal year 2023. The entity to receive funding for this project is Hancock County E-911 Commission, located at 18333 Highway 603, Kiln, MS 39556. The funding would be used to replace end of life cycle/obsolete mobile and portable radios throughout the Law Enforcement and Fire Department Agencies within Hancock County. This project will allow for the ensured safety of all personnel within the Law Enforcement and Fire Department agencies. By providing reliable communication between their Law Enforcement, Fire Departments and Central Dispatch Center, it allows first responders to better serve the citizens of Hancock County in not only day to day operations but also other emergencies such as natural disasters. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Steven M. Palazzo
Member of Congress
